## Negotiations Bring Nothing New.

### AGUINALDO MUST PASS JUDGMENT ON SCHEME.

#### Insurgents' Loss in Yesterday's Engagement Was Sixty-six Killed and a Large Number Wounded and Captured—Rebels Attacked By Funston's Troops Saved Themselves From Destruction By Retreating Through Swamps—Junta in Paris Ready to Give Up—Fears He is to Be Sent to the United States As a Prisoner.

Manila, May 25.—[Special]—The Filipino peace commissioners delayed their departure until this morning. Their negotiations with the American commissioners has resulted in nothing so far.

They will report to Aguinaldo on the scheme of government proposed by President Schurman.

Junta Ready To Give Up.

Paris, May 25.—[Special]—The Filipino Junta here is ready to give up. It is said it is now a question of Aguinaldo's personal safety. The Junta fears he will be sent to the United States as a prisoner.

To send Recruits In June.

Washington, May 25.—[Special]—Gen. Corbin this morning cabled Gen. Otis that the war department expects the transport Sheridan to leave San Francisco, June 7, with the nineteenth infantry and four hundred recruits.

It is believed these reinforcements will enable Otis to send home five hundred volunteers early in July.

Retreated Through Swamps.

Washington, May 25.—[Special]—Gen. Otis cabled the war department this morning that the insurgents' loss was sixty-six killed and a large number wounded and captured in yesterday's engagement. The American loss was two killed and thirteen wounded.

The rebels who were attacked by Funston's troops saved themselves from destruction by retreating through the swamps.

Manila, May 25.—Thirty Filipinos were killed and over sixty wounded in the battle which took place Wednesday morning between the American forces and the insurgents at Santa Anita, one mile north of San Fernando. The Americans lost one man. Twelve of our troops were wounded.

The insurgents made the attack. About 9 o'clock the Filipinos opened fire upon the outposts of Gen. MacArthur's command. The American scouts fought bravely, and held the natives back until they were re-enforced by troops from San Fernando.

Gen. MacArthur at the head of two battalions of the Montana regiment, and Gen. Funston leading two battalions of the Kansas regiment, two guns from the Utah battery, one Hotchkiss and one Gatling gun, hurried to the assistance of the outposts.

The insurgents were occupying the trenches which they had previously vacated at the fall of San Fernando. The Kansas troops deployed to the right, while the Montana soldiers went to the extreme left. The artillery was left in the center of the line.

The Filipinos made an obstinate resistance. Finally they attempted to retreat, but found themselves flanked by the Kansas troops. Gen. Funston charged his men and drove the insurgents right over into the fire of the Montana volunteers. Finally they escaped from this fearful fire, but they left their dead and wounded where they had dropped on the battlefield.

Besides the killed and wounded, ninety were made prisoners, while over 100 stands of arms were captured, having been dropped by the natives in their wild flight from the Americans' fire.

The Americans will find it difficult to hold the captured territory during the rainy season. In a few days the roads will be impassable.

Tuesday evening's engagement, in which were involved parts of the Third and Twenty-second infantry, who covered the operations of signal corps men between San Miguel and Baling, indicates that the insurgents are returning in the wake of Gen. Lawton's command to their former positions. In this running fight one American was killed and an officer and fourteen privates were wounded. Twenty insurgents were captured and many were killed.

The insurgent peace commissioners left Manila today and returned to the rebel lines to make their report to Aguinaldo. President Schurman says that the visiting commissioners express themselves as pleased with their reception and with the friendly attitude of the American authorities.

### FIGHTING TO BE PUSHED.

Special Meeting of the Cabinet to Consider the Situation.

Washington, May 25.—The president received dispatches Wednesday from

Gen. Otis and Prof. Schurman, president of the Philippine commission. These dispatches were read and fully considered by the president and Secretaries Hay, Gage, Long, Alger, Hitchcock and Wilson at a special cabinet meeting at the white house after the public reception.

The feature of the discussion was the proposition of Gen. Otis to continue the war unceasingly until absolute surrender of the Filipinos was effected, and the proposition of Prof. Schurman to endeavor to secure the same end by diplomacy.

The report of the conference may be stated briefly as follows:

1. That Gen. Otis prosecute the campaign with vigor and after his own style.
2. That all possible means be tried to get before the Filipino people the terms of the president by which they may secure a lasting and advantageous peace. The latter conclusion of the cabinet will be entirely acceptable to the civilian members of the commission.

### OTIS' AUTHORITY PARAMOUNT.

This Fact Is Fully Recognized by President Schurman.

Washington, May 25.—President Schurman of the Philippine commission has cabled to the state department a report of the several conferences held with the representatives of Aguinaldo on Monday and Tuesday. This report is said to be the first received from the commissioners in the last two weeks. In it Mr. Schurman makes no reference to differences of opinion between Gen. Otis and the civil commissioners as to treating with Aguinaldo's representatives. He does say that the commission explained to Aguinaldo's representatives that it could not interfere with the military plans and orders of Gen. Otis.

This makes it clear that President Schurman recognizes that Gen. Otis, as the military representative of the United States, is in supreme command of all operations, and as governor general is at the head of the only government in the Philippines.

### State Funds Are Low.

Madison, Wis., May 25.—The erection of new buildings at the several state charitable and penal institutions will remain at a standstill for several months at least, owing to the uncertain condition of the state treasury, caused by the heavy appropriations of the last legislature. The state board of control had a conference with Governor Scofield yesterday afternoon, at which it was decided that nothing should be done to carry out the appropriations for new buildings and additions to old until there was evidence of enough money in the treasury to do the work without embarrassing the state's finances. The appropriations made for new buildings and additions for the state institutions were conditioned on the approval of the governor, and while the governor has not voted any plans of the board of control, it was agreed that it is best to hold back with the building plans till the treasury is able to stand the strain.

### Walking to Scofield.

Racine, Wis., May 24.—Mr. and Mrs. Obert Lehman, footsore and weary, and entirely destitute, walked into the city last night, pulling a four-wheeled cart containing a 14-month-old baby. They had walked all the way from Valparaiso, Ind., and the husband had just 41 cents. He said that his business was traveling photography, that he ran behind in his board in the Indiana town, and the landlady turned him into the street, and his apparatus was sold for a song. Having no money he and his wife started out to walk to Scofield, where the folks of the wife reside. They were taken care of by the authorities, and will remain here until money can be received from friends.

### King G. Staples Pardoned.

Madison, Wis., May 25.—Governor Scofield yesterday pardoned former Assemblyman King G. Staples of Iron River, from the state prison, where he had been serving a sentence of eighteen months for the alleged larceny of town funds. Evidence was produced before the governor which threw a strong doubt on Staples' guilt, and the pardon is the result. Mr. Staples was convicted November 5, 1893.

Washburn, Wis., May 24.—The news from Madison of the pardon of King G. Staples gives general satisfaction here.

### Many Witnesses Examined.

Stevens Point, Wis., May 25.—A large number of witnesses were examined today in the bank robbery case. The evidence was entirely in the line of identifying the accused as certain suspicious characters who had been seen around Amherst, Amherst Junction and Stevens Point at intervals between February 16 and the date of the robbery, March 9. Nothing new was developed.

# GRAIN WAREHOUSE FOR NORTH MAIN

## MILWAUKEE ROAD COMMENCES ITS ERECTION.

Will Be Occupied By George R. Fetherston, the Well Known Grain Buyer—Have Capacity of Ten Thousand Bushels—Will Lay More New Sidetracks.

Work was commenced this morning on the erection of a large grain warehouse to be built by the Chicago, Milwaukee & St. Paul railroad company at the southeast corner of Main street and Fourth avenue. When completed it will be occupied by George R. Fetherston, who has had quarters since last fall at the corner of North Main street and Pease Court.

The new building will be most complete in every respect and will be rushed to completion.

It will have a capacity of about ten thousand bushels. It will be thirty-two feet in depth and will be twenty-two feet wide.

Foreman Hughes and men of the Milwaukee road pile driving crew arrived in the city this morning and this afternoon commenced the work of driving piles, which will extend a portion of the way into the river to be used as a foundation for the rear end of the building.

The erection of this new warehouse will mean much for Janesville and especially the merchants whose places of business border on North Main street.

Increased facilities will now allow Mr. Fetherston to buy grain on a much larger scale, which means the bringing to town of farmers from all portions of the country.

Since engaging in business here last October, Mr. Fetherston and his agents have purchased several hundred loads of grain, the greater portion of which was corn.

The Milwaukee road have another plan to carry out soon, aside from the erection of this warehouse.

When work is finished at the grain warehouse the pile driver crew will commence the erection of piling in the rear of the Thoroughgood & Company lumber yard at the northeast corner of Main street and Fourth avenue. Piling will be placed sixteen feet out into the river.

It is also the intention to later commence the erection of another yard on the river in the rear of the Thoroughgood & Company factory.

When seen this noon ex-Mayor Thoroughgood said:

"It is true that the Milwaukee road intend to soon commence the erection of a lumber yard for us on the river north of the Fourth avenue bridge. Later we expect to drive piles in the rear of our factory for a similar purpose. I don't advocate the driving of piles in the river but as long as property owners seem to be getting all the river that the law allows, we shall do the same. As for running in any new sidetracks, I know of no such plan."

# Chicago Defeats Illinois.

Champaign, Ill., May 25.—In a listless, one-sided game, marked by many errors on the part of Illinois, Chicago won Wednesday by the score of 9 to 3. The Maroons played excellent ball, only one error defacing their score. Smith was in good form and pitched effective ball. Illinois secured only seven hits off his delivery, and four of them came in the fifth inning. Had it not been for that inning, Illinois would not have scored.

### Union Men Return to Work.

Pana, Ill., May 25.—The strike, which has existed at the Assumption mine since April 1, was settled Wednesday, and the union men will return to work, the operators paying the scale. Company D of Decatur will return home this week. The Bloomington company and the galling-gun section will remain on duty here. The prospects of a final settlement in Pana are distant.

### Clearing Buffalo Harbor.

Buffalo, N. Y., May 25.—That the harbor will be clear of grain-laden boats before the end of the week is the prediction confidently made by Contractor Conners and elevator men. With the big force of scoopers that were at work Wednesday, 2,000,000 bushels of grain had been elevated up to 6 o'clock, and work is going on rapidly with night shifts.

### Two Outlaws Meet Death.

Guthrie, Okla., May 25.—A desperate encounter occurred Wednesday between Deputy Sheriffs Runnels and Carpenter and Outlaws Sam and Bill Martin. Over fifty shots were fired. Bill Martin received six loads of buckshot and was killed. Sam Martin was fatally injured.

# ASK FOR A POSTPONEMENT.

## The Meneeing Attitude of the Volksraad Causes Uneasiness in London.

London, May 25.—The news from the Transvaal is considered most serious by those here who are identified with South African affairs. The determination of the Volksraad, or legislative assembly, apparently taken in opposition to President Kruger's wishes, to postpone the consideration of franchise reforms for a year, so that it can be submitted directly to the burghers, must have a considerable bearing on the forthcoming conference between President Kruger and Sir Alfred Milner.

Prominent men declare that the result of Tuesday's vote will be to give President Kruger a chance to say that only with great difficulty can he procure the burghers' consent to the very modest reforms he proposes, and that further concessions to the outlanders' demands are out of the question.

It is said that the Volksraad's action is only apparently in opposition to President Kruger, for many of the leading South Africans here declare that the whole business has been skillfully engineered by Kruger himself, with the object of strengthening his hand for the parley with Commissioner Milner.

What will be the ultimate outcome is what is dividing men's minds here. The weight of well-informed opinion inclines to the belief that President Kruger will eventually give way. Great Britain is determined to see justice done her subjects in the Transvaal. The outlanders' demands are not exaggerated; they merely ask minority representation, though they form nearly 75 per cent of the population. It is believed that if President Kruger and the progressive boers desire they can persuade the reactionary boers to agree to a reasonable supplement.

# ACCIDENT AT BELOIT

## Edward Baker, An Employee At the Berlin Works, Had His Foot Crushed Off.

Beloit, May 25.—[Special]—Edward Baker, an employee at the Berlin Works, had his foot crushed off this morning. He was helping hoist a great casting when the appliance gave way and the casting came down on his foot. J. Austin was also injured to the extent that he required medical attendance.

The Oberlin base ball team, which plays in this city next Saturday, defeated the University of Virginia last Saturday in a magnificent game by a score of 6 to 4. The Virginians administered a defeat to the Yale varsity team early in the season and Oberlin's victory over them places them very high in the rank of college ball teams. The game at Keep Athletic field next Saturday will undoubtedly be the best of the season, and if Beloit succeeds in defeating the Ohioans, they will be the champions beyond doubt.

Several days ago a stranger endeavored to sell a bicycle to John Tuck, the well known barber. He said he wanted to go to Chicago, and did not want to be troubled with the wheel, and offered it at so low a price that Mr. Tuck purchased it. It now transpires that the bike was stolen from a man in White-water, and an officer will come this evening for the wheel and adjust the matter with Mr. Tuck.

### Ate Dinner in His Show Window.

It is not unusual to see a show window of a department store fitted up as a dining room, with buffet, table set with tempting silver and china and chairs arranged. One of London's big retail merchants has gone us one better in the matter. He advertised recently that he and his family would eat their dinner in his furniture show window on a given evening, in full view of all who cared to look in. He carried out the programme as advertised, and the police had to break up the crowds to clear the street.

### Two Michigan Bills Beaten.

Lansing, Mich., May 25.—Bills permitting saloons to be kept open on the Fourth of July and prohibiting the giving of any manner of entertainment either in or out of doors on Sunday were defeated Wednesday, the former in the senate and the latter in the house. The house passed a bill appropriating \$50,000 for a Michigan exhibit at the Buffalo exposition and increased the standing appropriation for the university by \$92,000, making the annual appropriation \$278,000.

After a long fight the senate advanced to third reading the house bill making an unlimited appropriation for the payment of beet sugar bounties. This will cost the state at least \$500,000 a year.

### World's Coal Fields.

It appears from the estimates of the most reliable authorities that the coal fields of the world cover an area of about 1,250,000 square miles. The United States, China, Australia and India are the countries in which the area of coal fields is greatest, but the output of the United Kingdom is far larger than that of any other country. England also consumes far more coal than any other people. On an average every inhabitant of Great Britain uses 74 cwt. of coal annually. The Belgians come next with an average annual consumption of 44 cwt. per inhabitant.

### Serious Drought in Roumania.

Bucharest, May 25.—The continued drought throughout Roumania already has seriously affected crops, and unless rain comes quickly farmers will hardly save more than seed by the labor of spring and summer. It is estimated that even if the drought breaks immediately 60 per cent of the wheat crop is lost. Roumania's wheat production in 1898 was 68,500,000 bushels.

### SAMOAN JOINT COMMISSION HOLD FIRST SESSION.

## Deliberations Were Secret, But Report Has it That the Admiral's Actions Will Be Upheld—Mataafa Willing to Obey Unanimous Order—Followers Will Disperse and Return Home If Ordered to Do So—Will Not Lay Down Arms Unless Malletons Do Likewise—Rebels Have Not Ventured Inside Lines.

Washington, May 25.—[Special]—The following was received from Admiral Kautz this morning. The Badger arrived the 13th. The Philadelphia will leave soon and will reach San Francisco about June 25.

The Badger carried the joint high Samoan commission to Apia. The fact that Admiral Kautz reports that the Philadelphia will soon leave Apia, indicates that he does not anticipate any further trouble there and that the commission is in a fair way of reaching an agreement.

# DELIBERATIONS WERE SECRET

## First Session of the Samoan Joint Commission.

Auckland, N. Z., May 25.—[Special]—Apia advices dated the seventeenth say the Samoan joint commission, which arrived there the thirteenth, held its first session three days later.

Its deliberations were secret, but it is reported that Kautz's actions will be upheld.

Mataafa said he was willing to obey the unanimous order of the commission. He is averse, however, to the maintenance of the kingship and will never recognize Malleton as the king.

The Mataafans are willing to disperse and return to their homes if ordered to do so, but will not lay down their arms unless the Malletons do likewise.

The rebels have not ventured into the lines indicated by Admiral Kautz, but are strongly fortified in a new position.

# MAC ARTHUR ON THE WAR.

## Major-General in His Report Commands His Soldiers.

Washington, May 25.—The secretary of war Wednesday made public a report from Maj.-Gen. Arthur MacArthur, being one of the reports inclosed by Gen. Otis in his own report of the operations in the Philippines. Gen. MacArthur covers a period of time from the evening of Feb. 4, when the insurgent outbreak began, to Feb. 28. An important feature of his report is the demonstration of the responsibility of the insurgents for the outbreak. He also speaks in terms of the highest praise of the splendid qualities of American officers and enlisted men.

In regard to the first outbreak Gen. MacArthur says:

"At about 8:30 p. m., Feb. 4, an insurgent patrol, consisting of four armed soldiers, entered our territory at blockhouse No. 7, and advanced to the little village of Santol, which was occupied from the pipe-line outpost of the Nebraska regiment. The American sentinel challenged twice, and then, as the insurgent patrol continued to advance, he fired, whereupon the patrol retired to blockhouse No. 7, whence fire was immediately opened by the entire insurgent outpost at that point."

### Fitzsimmons Is the Favorite.

New York, May 25.—As already predicted, the odds in the coming contest between Bob Fitzsimmons and Jim Jeffries are at present 8 to 5 in favor of the former, with a good chance of remaining stationary at these figures for some time to come. The champion's supporters are not so confident as they were a few days ago, and are conservative as to the odds they offer. Jeffries is gaining new friends daily and as his condition is reported to be excellent the money is going down at a lively rate.

### Serious Drought in Roumania.

Bucharest, May 25.—The continued drought throughout Roumania already has seriously affected crops, and unless rain comes quickly farmers will hardly save more than seed by the labor of spring and summer. It is estimated that even if the drought breaks immediately 60 per cent of the wheat crop is lost. Roumania's wheat production in 1898 was 68,500,000 bushels.

## COUNCIL MUST PASS ON ALL THE CLAIMS

OTHERWISE NO SUIT CAN BE  
BROUGHT AGAINST CITY.

New Law Provides That Aldermen  
Shall Disallow the Demand Before  
Any Action Can Be Begun to Re-  
cover—Measure Was Enacted By  
Last Legislature.

Chapter 127 of the laws of 1899,  
amends the laws of 1898 in a way that  
makes a radical change in the procedure  
in bringing suits against a city.

Hereafter no claim can lie against  
a municipality until after it has been made  
to the common council and disallowed  
in whole or in part.

In the case of a personal injury ac-  
tion, for instance, under this law the in-  
jured party must go before the council  
with the claim before a suit can be  
brought.

The law is short but to the point,  
reading as follows:

No. 132, S. 1. (Published April 11, 1899.)  
CHAPTER 127.  
AN ACT to amend section 925-58, of the statutes  
of 1898, relating to the presentation of claims  
against the cities under general law.

The people of the state of Wisconsin, rep-  
resented in senate and assembly, do enact as  
follows:

Section 1. Section 925-58, of the statutes  
of 1898, is hereby amended, by inserting after  
the word "demand" in the third line of said sec-  
tion, the words, "Of any kind or character  
whatever," so that said section when so amend-  
ed, shall read as follows: section 925-58. No ac-  
tion shall be maintained by any person against  
any city organized under the provisions of this  
chapter upon any claim or demand or any kind  
or character whatever, until he shall have first  
presented his claim or demand to the council  
for allowance and the same shall have been dis-  
allowed in whole or in part; provided, that the  
failure to pass upon such claim or demand  
within sixty days after its presentation shall be  
deemed a disallowance thereof.

Section 2. This act shall take effect and be in  
force from and after its passage and publica-  
tion.

Approved April 8, 1899.

## CYCLERS HERE INTERESTED

League of American Wheelmen May Not  
Control Racing.

Local League of American Wheelmen  
are at present much interested over the  
proposition of the League to give up  
racing.

An effort is about to be made to secure  
a special meeting of the national assembly  
of the League at an early date.

The object of the meeting, it is stated,  
will be to make some disposition of  
the racing affairs that will relieve the  
league of the stigma of having had the  
control of the sport forcibly wrested  
from it.

The probable action of such an as-  
sembly, it is said, would be to transfer  
the control of cycle racing to some other  
organization and confine the league's  
efforts to the good roads and cyclists'  
legislation part of its duties.

decree will make it warm for the alleged  
erring husband, as he is charged with  
contempt of court, in not answering the

The students of the Janesville High  
school will pay tribute to the dead  
heroes who gave up their lives in de-  
fense of their country, a program to be  
rendered in the school auditorium at 8

by Thomas Hogan, Imogene McDonald,

Margaret Jackson. The musical num-  
bers will be furnished by the entire  
school, in the singing of "America," by  
a male quartette consisting of Roy Pal-  
mer, Will Dougherty, Ross Bump and  
Levi Ross; and by the chorus club of  
boys. One of the vocal numbers will  
be an original song, "Wisconsin," com-  
posed by Della Miltimore, one of the  
students of the school.

The students of the High school are  
to be commended, for this is the first  
time that such an observance has ever  
been made by them.

Members of two of the Sunday School  
classes of the First M. E. church gave  
Mr. and Mrs. Charles Penny a very  
pleasant surprise last evening, at their

The guests dispersed about midnight.  
Those present were:

## BOATS ARE WRECKED BY UNKNOWN MEN

WARDEN JOHNSON TALKS OF  
LAKE KOSHKONONG.

Says Vandalism Only Injures Other  
Parties and in No Way Bothers  
Him—Proposes to Stay at the Lake  
Until His Duty is Done, Regardless  
of Consequences.

Captain Johnson, the deputy state  
game warden who has had charge of the  
work of enforcing the law at Lake Kosk-  
konong, says that he does not propose  
to give up the fight, even if attempts  
are made to make things uncomfortable  
for him, and his assistant, Deputy War-  
den Stone.

"The man who keeps the hotel at  
which we stop," said Mr. Johnson yester-  
day, "has been bothered a good deal  
for instance, unknown parties ruined  
two of his boats a few days ago. These  
boats were the ones that Mr. Stone, who  
is assisting me, and myself had been  
using. As a result of this vandalism,  
we have since been without boats, but  
we will have more boats on the lake in a  
day or two. Mr. Dallmeyer, the prop-  
rietor of the hotel should not be perse-  
cuted, as wrecking vengeance on him in  
no way punishes us. A keeper of a  
public house should not be held account-  
able for his guests. Mr. Dallmeyer  
offers a reward of \$50 for information to  
convict the parties who destroyed the  
boats." One of his boats disappeared last  
fall, also.

"As I said before, we propose to see  
the thing through, and are going to at-  
tend to our business at the lake, as it is  
our duty to do, regardless, and vandal-  
ism will not scare us out. We are rep-  
resenting the state of Wisconsin, and  
the state is behind us. It will do no  
good to destroy the property of other  
persons, and Mr. Dallmeyer should not  
be imposed upon with the idea that in-  
juring him will work a hardship on us."

## TO BUILD A DORMITORY.

Addition to Be Built to West Side of Y.  
M. C. A. Building.

The contract has been awarded to  
Contractor William H. Blair, of this  
city, for the erection of a dormitory  
building to be erected on the west side  
of the Y. M. C. A. building facing West  
Milwaukee street.

The new structure will be twenty-four  
feet wide, seventy feet deep, two stories  
with a basement. It is to be in con-  
formity with the present building,  
therefore will be built of red pressed  
brick, with stone trimmings. A six foot  
stairway will be built between the build-  
ings, leading to the auditorium proper.  
Archways are to be cut between the  
dormitory and each floor of the main  
building in order to give easy access to  
the gymnasium and baths.

The contract price including the lot,  
which was owned by Mr. Blair, was  
\$5,750.

The expense will be borne by Mrs.  
Marion P. Leavitt, of this city, from  
whom the Y. M. C. A. will rent the  
dormitory.

James Shearer has secured the con-  
tract for doing the mason work and Mc  
Vicar Bros. for the steam heating and  
plumbing.

Secretary J. C. Kline and Assistant  
Superintendent F. B. Moulton visited  
Chicago yesterday for the purpose of  
consulting with General Manager John  
M. Whitman, of the Chicago & North-  
western line. Mr. Whitman has been a  
great friend of the local association,  
both in a moral and financial way.

## SENATOR WHITEHEAD SPOKE

Favors Roach For State Dairy and Food  
Commissioner.

Senator John M. Whitehead of this  
city, with a big delegation of political  
and personal friends of A. J. Roach of  
Waterloo, visited Gov. Scofield yester-  
day afternoon to urge his appointment  
as state dairy and food commissioner.  
The office is now held by H. C. Adams.  
Speeches were made by State Senators  
Whitehead of this city, and Whitman of  
Appleton, in favor of Mr. Roach's ap-  
pointment, and the other members of  
the delegation made their support of  
Mr. Roach known by unmistakable  
means.

In reply Gov. Scofield said that there  
was no question of Mr. Roach's fitness  
for the office and his ability to fill it,  
and intimated that if he made any  
change in the department he would ap-  
point Mr. Roach. Other things had oc-  
cupied his time for the past two weeks  
so completely, that he had as yet given  
the appointment in question but little  
thought, but he would consider what  
had been said, and make the best ap-  
pointment he could for the interests of  
the dairy industry of the state.

## A RIOT NARROWLY AVERTED

Beloit Citizens Interfere With Telephone  
Men.

Timely interference on the part of  
Mayor Simon Smith, of Beloit, prevent-  
ed a riot yesterday afternoon growing  
out of the effort of the Wisconsin Tele-  
phone company to erect a pole in front  
of Edward Fluekiger's premises, on  
Bridge street. After the hole had been  
dug, Fluekiger took a chair and sat  
over it most of the afternoon.

In the meantime, while the Telephone  
company's men were digging another  
hole, a big crowd of citizens made a ram  
of a plank and drove the workmen  
away.

Things were taking a very serious  
turn when the mayor directed a suspen-  
sion of the work pending action in an  
injunction case now pending on the right  
to erect poles in front of premises where  
owners object.

## NEWS FROM THE COUNTY

Richmond.

Richmond, May 25.—Mrs. P. Peterson is expecting a visit from her daughter, Mrs. H. Hanson and family, of Wauwata, Wis., in the near future. J. Quinn has been appointed road commissioner over the entire new main road for the coming season. Mr. Charles Stoller, of Janesville, visited at E. Stoller's last week. Jim Moore has a fine tame pasture in which he pastures coits at 50 cents per head per week. No barb wire and good water. Those wishing pasture will do well to investigate. Robert Klumans will also take in a few more head to pasture. This week will probably be the last week of corn planting. And if it don't grow taller faster than the weather grows warmer, we will have some very short corn this season. Henry Calkins has had the misfortune to lose two of his horses this spring. Well Behlman, has a yearling colt not expected to live. Distemper is the cause. Those having friends and relatives buried in the Richmond cemetery, have been taking quite an interest in decorating it, and it now looks very beautiful. Mr. Goodyear has done considerable in cleaning up and his services are appreciated by all. Dogs in the neighborhood are greatly annoyed by May basket hangers. Also May basket hangers are annoyed by the dogs. Martha Olive and Howard Peterson visited friends and relatives at Johnstown last week. In remembrance of Martha's twentieth birthday, her sister Eunice, of Chicago, remembered her with a twenty dollar bill.

## Chicago Live Stock Report.

Chicago, May 24.—Fairly liberal receipts of cattle met with agreeable firm demand again today and some of the latter sales of smooth steers were strong to 10c higher, though the bulk of the cattle went right at the prices paid earlier this week. Morning sales of hogs were right up to Tuesday's level, but demand did not last at that and later trade ruled weak at a big 5c decline. Fat sheep sold very readily at former prices and some of the choice lambs went early at the late high price, but later trade in lambs was weak, with some sales 10c off from prices paid earlier this week. Today's receipts were estimated at 15,500 cattle; 36,000 hogs and 15,000 sheep.

## No More Chans for Congress.

Washington, May 25.—Representative Sherman of Utica, N. Y., is here. He came to set in motion the machine of his speakership candidacy. "There will be no sharply defined issue between the speakership candidates," said he. "The matter of procedure in the house will not come up as an issue, for the next speaker will not be the rule unto himself, for it is evident the next house intends to outline its general policy and the procedure necessary to carry it out. The speaker's personal attitude toward any proposed legislation will not make any difference, for he will be a mere instrument for carrying out the policy of the house. The next speaker cannot hope to be the factor in legislation that Mr. Reed was."

## McKinley's Message to Victoria.

Washington, May 25.—The president addressed the following message to Queen Victoria on the occasion of the anniversary of her birthday: "Executive Mansion, Washington, May 24.—To Her Majesty, the Queen, Windsor Castle, England.—Madam: It gives me great pleasure to convey on this happy anniversary the expression of the sentiments of regard and affection which the American people cherish toward your majesty and to add the assurance of my own cordial respect and esteem. May God grant to your majesty and to the countries under your government many years of happiness and prosperity."

At Asti, in California, last year, a cistern 14 feet long by 34 feet wide and 24 feet deep was formed in a hillside for the storage of wine. Wine kept in this cistern for more than four months was perfectly preserved. The capacity of the tank is 50,000 gallons.

## Good Word.

A little Irish maid, fresh from her native isle, has furnished her New England mistress with many a new phrase. "The sun has hard work to shine this week, Nora," said the lady to the maid who was dusting her room one gloomy day. "It comes out for a few minutes, and then the clouds hide it for hours again." "Yes, mimm," said Nora. "It's what you'd call bashful weather, mimm, now isn't it?"

## THIS DAY IN HISTORY.

1559—Richard Cromwell resigned, and the protectorate ended. It had lasted five years. Richard inherited nothing of his father's sternness or mental power. He resigned as protector but eight months, having been proclaimed by the army on the death of his father, Sept. 3, 1658. He was virtually deposed by a cabal which procured the dissolution of parliament and formally laid down the scepter without a struggle.

1803—Ralph Waldo Emerson born at Boston; died 1882.

1806—Dr. William Paley, author of works on "natural theology and evidences of Christianity," died; born 1743.

1894—Dr. Alexander Kohut, a distinguished rabbi and oriental scholar, died in New York city; born 1812.

1898—Second call for United States volunteers for the Spanish war; 75,000 asked for.

## DEWEY AND EXPANSION

Admiral Dewey is an expansionist all the way through. In an interview published by The Chicago Tribune he said:

"I have the greatest enthusiasm in the future of the Philippines. I hope to see America's possessions the key to oriental commerce and civilization. The brains of our great country will develop the untold agricultural and mineral richness of the island. We must never sell them. Such an action would bring on another great war. We will never part with the Philippines. I am sure, and in future years the idea that anybody should have seriously suggested it will be one of the curiosities of history."

Dewey's straightforward declaration will make a deep impression on the minds of American people. The learned college professors and political economists may evolve their theories and quote their authorities against the policy of holding the Philippines, but they cannot overcome the faith that the people will naturally have in Admiral Dewey. The admiral is not a day dreamer, nor a business mercenary. He is the most conspicuous American of the day—cool, calculating, conscientious, conservative, and a safe man in every way. His unqualified endorsement of the theory that the Philippines be held will do more to mould public sentiment than all the columns of matter printed, and all the thousands of words spoken. The American people are ready to follow Admiral Dewey, for they know that his judgment is good.

Uncle Sam offers liberal conditions to the Filipinos. It is proposed to have an advisory council similar to that in Cuba, where Governor General Brooke has the advice of a native council, as well as that of the military officers under him. The main idea of the system proposed in the Philippines is to carry out the assurances given in the proclamation issued some time ago, to maintain the sovereignty of the United States over the islands and at the same time give the natives the largest measure of home rule.

Admiral Dewey was always an admirer of the statue of Ethan Allen, which stands in the capital of the Montpelier, and says the honor that would afford him the greatest satisfaction would be the adoption of the suggestion that his statue be placed opposite that of Allen.

Janesville people are exceedingly tolerant, and there is no case or record where an organ grinder has sustained personal injury, but we will not agree to be responsible for the life of the musician who yesterday turned "Little Annie Rooney" out of the instrument.

When a Janesville cyclist wants to say the meanest thing he can think of about a country road, he remarks: "My Stars and Stripes! This road is as bad as the West Milwaukee street pavement." Then he feels that he has done the subject justice, and "gone to the limit."

Constant Reader—The new game law, as you say, makes radical changes in the old regulation, but we deem your fears that you will be arrested for illegal fishing if you play golf, entirely unfounded.

The fact that the Rev. E. L. Eaton "Bryanized" the Iowa prohibition convention will no way prevent the people from Bryanizing the Rev. E. L. Eaton on election day.

According to The Sentinel it makes lively times in the Milwaukee council when the reform aldermen indulge in telling the truth about each other.

Admiral Dewey says "hold the Philippines" and Edward Atkinson says "let go." Under which banner will the people enlist, Dewey's or Atkinson's?

At the present writing the Filipinos are at the "will you take it now, or wait until you get it" stage.

The City of Paris may be saved but her namesake is still believed to be beyond redemption.

## HARDIN SETTLES FOR FIVE HUNDRED

### CASE FOUGHT BEFORE JUDGE BENNETT.

Brought Suit Against the Chicago, Milwaukee & St. Paul Railroad Company For Alleged Personal Injuries—Charles E. Bowles Wins His Case Against Nellie Browne.

William Hardin of Clinton, who sued the Chicago, Milwaukee & St. Paul Railway company for damages for alleged personal injuries received on the Western division near Elkhorn, has settled with the company for \$500. When the accident occurred Hardin was thrown against a seat and injured.

As soon as his injuries would allow, Hardin came to Janesville and secured the services of Attorney J. J. Cunningham.

When the case was taken up last year before Judge Bennett of the Rock county circuit court, it consumed some time, there being many witnesses examined. The court found in favor of the defendants, and an appeal was taken.

Mr. Hardin for some time, made Janesville his home, being a member of Prof. Smith's orchestra.

### Victory For Agent Bowles

A decision has at last been rendered by Judge Fish of Racine, in the case of Nellie Baker Browne against Charles E. Bowles, in favor of the defendant. The case was begun in the Rock county circuit court, a change of venue being taken to Walworth county, where it was tried a few years ago before Judge Fish of the Walworth county circuit court. The plaintiff was a grand-daughter of the late James Burgess, who was the owner of property at the corner of South Third and South Bluff streets, which she inherited.

The property was in the hands of the defendant, who took a number of parties to see it, but was unable to dispose of it. Later Mrs. Browne wrote to him saying she was in need of money and must dispose of the property. Mr. Bowles answered the letter of the plaintiff, telling her of his unsuccessful attempts, but stating that if she would accept one thousand dollars, he would purchase it himself. Mrs. Browne accepted her agent's proposition and the transfer was accordingly made.

Mr. Bowles platted the land and sold it at a net profit of several thousand dollars.

Soon after Mrs. Browne came to Janesville and seeing how property had advanced she claimed she had been deceived and brought suit against her agent for damages. During the trial it was shown seven years had elapsed between the time the transfer was made and the beginning of the case, therefore the case was outlived.

The plaintiff is now a resident of Chicago, but for many years resided with her parents in this city near the corner of South Third and Division streets. She is the daughter of Clarence W. Baker, a former Bower City newspaper man.

William Smith conducted the case on the part of the plaintiff and B. F. Dunwiddie appeared for the defendant.

They secured the Second Congregational church as headquarters and dinner will be served near the church.

Emerald Grove, May 25—Clarence Wright lost his best horse Wednesday morning with inflammation of the lungs. Mrs. B. P. Irish has been on the sick list. We understand that Will Dean has purchased the John Davis property and George Beasley the old M. E. church. Irving Dennis disposed of his art gallery outfit this week to one of Janesville's photographers. James Lillburn is the possessor of several wild geese and geese, which are quite a curiosity to see, as such poultry is rarely seen on a farm. Don't forget the Memorial day exercises. We promise you a rare treat. Music will be furnished by the orchestra from the School for the Blind. The speaker is the well known Malcom G. Mount, and the exercises begin at 2 p. m. prompt. ### CHAS. GLASS ALIVE AND WELL

His Sudden Disappearance From St. Louis Is Accounted For

Charles Glass is alive and well. Some time ago reports were published of the disappearance of Mr. Glass who in company with Roy Sanborn, of this city, made a trip to St. Louis via the river route, in a row boat. Soon after their arrival in that city the young gentlemen parted company or rather Mr. Glass disappeared as mysteriously as if the earth had opened and swallowed him. Nothing was heard of him until about a week ago, when he dropped in on Mr. Sanborn, who is attending the state university.

The sudden disappearance was accounted for by the fact that Mr. Glass had joined the Second regulars and hastened to Cuba, participating in all the battles in which Gen. Grimes' battery of artillery was engaged. He had just arrived from Havana.

Since the departure of Mr. Glass, his father who resided in Minneapolis, has passed away, leaving him quite an estate.

## FISHER GUILTY OF ILLEGAL FISHING

### FINED THIRTY DOLLARS AND COSTS.

Was Obligated to Go to Jail—Has a Family Depending On Him At Whitewater—Warrants Out For Charles Parsons and Albert Wyman Of Koshkonong.

Andrew Fisher of Whitewater, pleaded guilty in the municipal court this morning at 10 o'clock to the charge of illegal fishing at Lake Koshkonong and was fined \$30 and costs or a total of \$37.44.

Being without the necessary cash, the defendant was obliged to go to the county jail.

Fisher walked into court accompanied by State Special Game Wardens Johnson and Stone, they having caused his arrest. He stated that he had nothing to say and that he was fishing with set lines contrary to law.

The defendant is a married man and resides at Whitewater where he has a family.

When sentence was pronounced Fisher cried and it was plain to be seen that the defendant had the entire sympathy of the little group of spectators present as well as the officers and game wardens.

Albert Wyman, who resides at Lake Koshkonong, is also under arrest, but owing to his being ill, his case will not be taken up at present.

Charles Parsons who makes his home at the lake is also wanted by Wardens Johnson and Stone for illegal fishing with set lines but present indications are that he has made for Illinois to avoid arrest.

Parsons was sentenced last year for illegal hunting and for several weeks he lingered in the Rock county jail.

It is said that other arrests may soon follow.

Rev. A. S. Ishida, ex-president of the New York Japanese Young Men's Christian Association, will deliver a lecture in Janesville next Sunday evening.

### NEATH THE SHADOW OF DEATH

William Henry Haynor.

In the death of William H. Haynor, an old settler, widely known and highly esteemed, passed to his eternal reward. He was born May 28, 1812, in Rensselaer Co., New York. In 1844 he was married to Julia Anna Haynor, who made him a very congenial helpmate and who died after a life of strong faith in Christ, Nov. 2, 1895. The deceased himself had been a devout member of the church since he was about twenty-one years of age. He has been a very faithful and highly honored member of Court Street M. E. church, nearly as long as that church has existed. He was a local elder in the church and was enthusiastic in the service of his Master. His life was as happy as a song and as helpful as sunshine. His long sickness did not dampen the ardor of his truly fervent faith. He has been a resident of the town of Rock since 1852. He died on the 23rd of May, 1899, at the home of his son, Marvin H. Haynor, where he had received constant attention during a sickness covering the larger portion of two years. The funeral will be at 2 p. m. on Friday, at the residence of Marvin H. Haynor. Rev. Walter A. Hall will preach. Rev. Frank A. Pease will also be present and will assist. The interment will be in Afton cemetery. The pall bearers are his two sons, Marvin H. and John E. Haynor, John G. Haynor and Charles Haynor. He rests from his labors and his works do follow him.

Mrs. John O'Garra.

Last evening at 7:30 o'clock, Mrs. John O'Garra closed her eyes to awake no more in this mortal dream, at her home, 305 South Jackson street, after an illness of only a few days' duration, with pneumonia. Mrs. O'Garra had resided in Janesville for over forty years and had endeared herself to many, through the many excellent qualities she possessed. She was a devoted member of the Catholic church and was a kind and affectionate wife and mother. She leaves besides a husband four children to mourn, three daughters and one son, Misses Elizabeth, Ellen B. and Mary Alice O'Garra, and Joseph O'Garra, of Chicago. The bereaved relatives have the sympathy of all in their sad affliction.

James A. Richardson.

The funeral of the late James A. Richardson, son of Mr. and Mrs. J. W. Richardson, will be held from the house, 157 Fourth avenue, Saturday afternoon at 2 o'clock. Rev. E. H. Pence, of the Presbyterian church, will officiate and the interment will be in Oak Hill cemetery.

The annual inspection of Janesville Commandery No. 2, Knights Templar, will take place tonight at Masonic hall. Theo. W. Goldin will inspect the commandery. Some of the grand officers are expected to be present from Milwaukee and a delegation of Knights Templar will be up from Beloit.

## POST OFFICE BIDS WERE NOT OPENED

This holds good in a Furnace as much as in anything else. A poor, cheap Furnace is the bane to any man's life. He pays almost as much for a half good heater as he would for a

last a life time, are more economical in fuel, and will absolutely not escape gas. No bolts are used throughout the Furnace. Fire pots are constructed in two heavy parts, allowing them to expand and contract at the very point where required.

Mueller Furnaces have many superior points over others—their being of cast iron adds weight and also extra heat. We have one set up on our floor so that you can see all about it.
